EDUCATION

University of Miami – Coral Gables, FL
Bachelor of Science in Civil Engineering
August 2023 – Present

Jose Marti MAST 6–12 Academy – Hialeah, FL
High School Diploma
August 2016 – 2023

OBJECTIVE

Motivated civil engineering student with hands-on experience in engineering support, customer service, and community outreach. Passionate about designing sustainable and efficient infrastructure. Currently pursuing a Bachelor of Science in Civil Engineering with plans to obtain a master's degree and grow into an Architectural and Engineering Manager role.

WORK EXPERIENCE

June 2022 – PRESENT

Publix Produce Clerk

- Maintained fully stocked and organized produce displays to ensure a positive shopping experience.
- Provided excellent customer service, assisting guests with product questions and special requests.
- Demonstrated strong multitasking, teamwork, and communication in a fast-paced retail environment as a proven leader in my department.

June 2022 - 2023

Horsepower Electric, Inc. Intern

- Assisted in both office and warehouse operations, including organizing materials, managing inventory, receiving deliveries, and sourcing project supplies.
- Collaborated with a licensed electrical engineer to support ongoing projects and resolve technical challenges through brainstorming and on-the-spot problem-solving.
- Gained hands-on exposure to electrical systems and project workflows, improving adaptability and practical engineering knowledge in a fast-paced environment.

VOLUNTEER EXPERIENCE

2021-2023

ALEX L. FERNANDEZ

Hialeah, FL 33018 ▪ 305-205-2061 ▪ alexluisfdez@gmail.com

Community Service; Florida Attorney General Life & Employment Skills Program

- Delivered workshops and mentoring focused on financial literacy, job readiness, and conflict resolution.
- Collaborated with community leaders and legal professionals to promote public service and life skill development.
- Demonstrated leadership, communication, and a commitment to social impact.
