

EDUARD ALLENDE

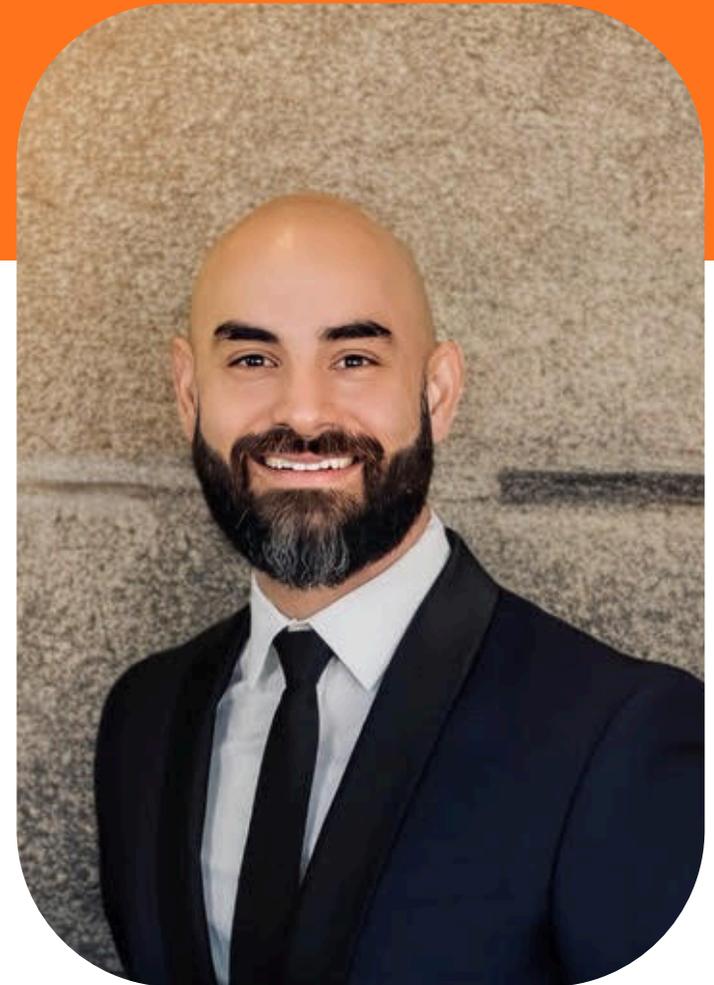

Sr. Manager, Business Operations

Eduard Allende is the Senior Manager of Business Operations at the University of Miami's Structures and Materials Laboratory (SML), where he brings over a decade of administrative and operational experience to support cutting-edge research in infrastructure and materials science. He holds a bachelor's degree in Psychology from Florida International University and is known for his strategic thinking, attention to detail, and solution-oriented mindset.

At SML, Eduard oversees budget management, procurement, logistics, contract coordination, marketing, client relations and internal communications. His approach to operations has enhanced workflow efficiency and supported the successful execution of complex research and testing initiatives. He also leads the implementation of systems that improve data tracking, reporting accuracy, and overall lab performance.

Fun Fact: Eduard plays the drums and enjoys both watching and playing sports—especially baseball, basketball, and football. In his spare time, he also enjoys building custom PCs.
