

RAFAEL CABRERA OVALLE

Instrument Calibration Engineer

Rafael Cabrera Ovalle holds a bachelor's degree in Electronic Engineering from the Universidad Autonoma de Zacatecas, Mexico, where he earned a scholarship. He further pursued and completed his master's degree in electrical engineering at the same institution. With extensive expertise as a Field Service Engineer, Mr. Cabrera has worked extensively with various material testing machines, including MTS and Instron, spanning industries such as automotive and aeronautics. Additionally, he has proven experience as a Calibration Engineer, specializing in force, dimension, and speed, adhering to ASTM standards. He holds calibration certifications from the National Metrology Center of Mexico (CENAM) and has received training as a Field Service Engineer from MTS. In 2023, he became a member of the Digital Correlation Society. Mr. Cabrera's exceptional proficiency as an Instrument Calibration Engineer enhances the capabilities of the UM-SML, ensuring the fulfillment and surpassing of metrology requirements.
